

# Exhibitor & Supporter Prospectus

20  
22

**CONFERENCE** October 11-14, 2022  
**LOCATION** Salt Lake City, UT  
[www.escience-conference.org](http://www.escience-conference.org)

# Democratizing Science

---

Science in all domains is increasingly digital -from capturing and analyzing data in large-scale experiments and simulations to the exploitation of machine learning and artificial intelligence techniques. Still, many researchers face significant challenges in developing and using e-Infrastructures and associated software and workflows for their problems. Interdisciplinary approaches, combining numerical methods, computer science, and domain science, are needed to tackle these challenges.

The IEEE eScience 2022 conference (eScience) provides a forum for researchers and engineers across scientific domains to meet and discuss their challenges and latest developments. Domains include, but are not limited to, life sciences, health research, digital humanities, social sciences, engineering, physics, chemistry, astronomy, climate science, environmental science, materials science, and geosciences. The conference targets the innovative application of digital technologies to research problems; the development of application software, tools, and libraries that enhance the efficiency and capabilities in the scientific process; and the development of e-Infrastructures providing the required hardware capacities and capabilities.

eScience 2022 brings together leading interdisciplinary research communities, developers, and users of eScience applications and enabling IT technologies. The objective of the eScience Conference is to promote and encourage all aspects of eScience and its associated technologies, applications, algorithms, and tools with a strong focus on practical solutions and open challenges. The conference also welcomes original submissions on the conceptualization and implementation of, and experience with technology driving innovation in data-intensive and compute-intensive research across all domains ranging from traditional areas in the physical and earth sciences to emerging disciplines such as the social sciences, arts and humanities, and artificial intelligence for a wide variety of target architectures including HPC, cloud, and IoT infrastructures.

This year, eScience is soliciting submissions of papers, posters, and abstracts targeting three key topics in the eScience community:

- Translational Computer and Computational Science Research;
- AI, ML, and Sciences;
- Data and Data Democratization.

# Levels of support

<b>Diamond</b>	<b>\$10,000</b>
<ul style="list-style-type: none"><li>▪ Opportunity to submit an Industry Keynote talk (10min). Opportunities are limited (subject to committee approval)</li><li>▪ 4 complimentary registrations</li><li>▪ Product Highlight Email</li></ul>	<ul style="list-style-type: none"><li>▪ Thanks at opening/closing</li><li>▪ Participation in job networking session</li><li>▪ Access to detailed data of participants who declared interest in job opportunities</li><li>▪ Commercial video (45sec)</li></ul>
<b>Gold</b>	<b>\$5,000</b>
<ul style="list-style-type: none"><li>▪ 2 complimentary registrations</li><li>▪ Logo recognition in conference website and other conference materials</li><li>▪ Product Highlight Email</li><li>▪ Commercial video (45sec)</li></ul>	<ul style="list-style-type: none"><li>▪ Thanks at opening/closing</li><li>▪ Participation in job networking session</li><li>▪ Access to detailed data of participants who declared interest in job opportunities</li></ul>
<b>Silver</b>	<b>\$2,500</b>
<ul style="list-style-type: none"><li>▪ 2 complimentary registrations</li><li>▪ Logo recognition in conference website and other conference materials</li></ul>	<ul style="list-style-type: none"><li>▪ Commercial video (15sec)</li><li>▪ Product Highlight Email</li><li>▪ Participation in job networking session</li></ul>
<b>Bronze</b>	<b>\$1,500</b>
<ul style="list-style-type: none"><li>▪ 1 complimentary registrations</li></ul>	<ul style="list-style-type: none"><li>▪ Logo recognition in conference website and other conference materials</li></ul>

Additional opportunities for single supporter items \$500-\$10,000  
(e.g. conference banquet at the natural history museum, welcome reception, individual breaks, ...)

# Inclusivity and Diversity Donations

---

## How to donate and Support Inclusion and Diversity at eScience

Earmark any amount from your contribution for the previously specified levels.

Make a separate donation to support inclusivity and diversity: All inclusivity and diversity donors will be listed on the website. These donations are separate from sponsorship and don't confer any rights, unless you are donating part of your sponsorship amount, in which case, all your regular benefits apply.

For logistical reasons, we ask for donations starting at \$350.
